

# We need ice.

That's why we choose Manitowoc.

## Indigo™ Series: Intelligent thinking inside the box.

Our newest ice machine - Indigo™, offers a series of technological advancements including intelligent diagnostics, the ability to monitor ice machine operations 24-hours a day, easy-to-read display screen, a patented cleaning system to handle food safety concerns, assurance that ice will be clean and taste great for your customers, water and energy management features that save money, and superior service and support of the equipment. We've combined intuition and innovation for the perfect ice machine. We call it Indigo, you'll call it "ice assurance" because you'll never have to worry about ice again.

# IT'S HERE!

## A smarter, cooler, better ice machine.

When ice is critical to your business you need an ice machine that won't let you down. Indigo has been designed to deliver the ice you need, when you need it, day in and day out. That's why, when you need ice, choose **Manitowoc Indigo™ Series Ice Machines**.
