

NEW

Best suited for dispensing
Ag paste and solder paste

No clogging of nozzle, high-speed and Stable dispensing of high viscosity particle-filled paste

«Significant reduction in running cost!»

- ◆ “Using up” materials ⇒ Material cost reduction
- ◆ Easy syringe replacement ⇒ Downtime reduction
- ◆ Remarkably longer-lived consumables
⇒ Maintenance loss reduction
- ◆ **Newly Developed** Synchro Speed[®] function equipped
⇒ Adjustment time loss reduction

Min. diameter **φ0.15mm**

Dispensing speed **4X faster***

* compared to our air pulse types

Applicable fluid materials Solder paste, Ag paste, and so on.
