markets

With nearly 1,700 specialists, including more than 650 service engineers, DKSH Business Unit Technology operates in 16 markets and is supported by 39 showrooms and demonstration labs.

Sales and service are our core competencies. We accompany our clients from developing a business strategy to translating it into an Asian reality. Using a state-of-the-art customer relationship management platform, we combine extensive industry and product knowledge with a structured and systematic sales approach to outperform the market and increase our clients' market share.

As a total solutions provider and system integrator, we serve our customers as a one-stop-shop and provide customized technology solutions. We not only provide professional after-sales services but also cover the entire product life cycle including installation and commissioning, final acceptance testing, production start-up support, training, maintenance, repairs, spare parts and consumables supply, as well as refurbishments and trade-ins.

We operate as a trusted link between suppliers from Asia Pacific, Europe, and North America and customers in Asia Pacific, enabling suppliers to expand their markets and providing customers with access to products from around the world.
